DIARY NOTES

25X1A DD/S [REDACTED]

12 January 1961

1. Ting Sheldon telephoned and seemed a little concerned that he had heard the Director was not going to move into the new building along with the Deputy Director (Intelligence). I explained to him the reasons why this did not appear to be feasible. He understood completely and saw no complications.

2. Shef Edwards telephoned to say that the Inspector General representatives had been to see him about our proposed reinvestigation program. Apparently, they have some concern about it and particularly in the DD/I Area.

3. Shef Edwards also told me that as a matter of interest, Mr. John Pledger, the General Services Administration guard who went on a shooting spree yesterday, had not too long ago been proposed for a CIA guard and we had turned him down.

5. I telephoned [REDACTED] to reassure him that I had spoken to Mr. Kirkpatrick who would be glad to make a telephone call to the new Assistant Secretary of Defense for Man-
